

Student Services

AP 5200 HEALTH SERVICES

Reference:

Education Code Section 76401
Family Educational Rights and Privacy Act (FERPA) Guidelines;
Health Insurance Portability and Accountability Act of 1996 (HIPAA) Guidelines

The scope of practice of Health Services professionals is regulated by the licensing boards of the professions.

Health Services shall make known to the college community the existence and availability of health services. A description of the services shall be published in the college catalogs, schedules of classes, and posted on the District website.

Beyond the required student fee, Health Services may charge an additional fee for some of its services including, but not limited to, laboratory fees, immunizations, and prescription medications.
