

AP 7345 CATASTROPHIC LEAVE

Reference:

Education Code Section 87045

The District has established a catastrophic leave program to permit employees of the District to donate eligible leave credits to an employee when that employee suffers from a catastrophic illness or injury.

For the purposes of this procedure, the following terms are defined as follows:

- "Catastrophic illness" or "injury" means an illness or injury that is expected to incapacitate the employee for an extended period of time and taking extended time off work creates a financial hardship for the employee because he/she has exhausted all of his/her sick leave and other paid time off.
- "Eligible leave credits" means vacation leave and sick leave accrued to the donating employee.

Eligible leave credits may be donated to an employee for a catastrophic illness or injury if all of the following requirements are met:

- The employee who is suffering from a catastrophic illness or injury requests that eligible leave credits be donated and provides verification of catastrophic injury or illness.
- The Chief Human Resources Officer determines that the employee is unable to work due to the employee's catastrophic illness or injury.
- The employee has exhausted all accrued paid leave credits. If the transfer of eligible leave credits is approved, any employee within the same employee group may, upon written notice, donate eligible leave credits at a minimum of 7.5 hours.

The maximum amount of time for which donated leave credits may be used shall not exceed use for a maximum period of 12 consecutive months.

Verification of catastrophic injury or illness shall be required.

All transfers of eligible leave credit shall be irrevocable.

An employee who receives paid leave pursuant to this procedure shall use any leave credits that he/she continues to accrue on a monthly basis prior to receiving such leave.

See collective bargaining agreements as applicable.
